About me

I'm currently studying for a master's degree in software engineering at the University of Lappeenranta and aiming for a graduation in 2021. I'm an efficient and social guy, who is eager to continuously learn new things. Information technology and programming in general are my passions, which I spend a lot of time with.

Skills

Front-end	Back-end
• HTML	• Node.js
• CSS	• Express.js
• React.js	• Python
• Vue.js	• SQL
